

August 14, 2020

Dear High Point School Parent:

What a year it's been so far! Lots of changes to our schooling, lots of adjustments to our schedules, and lots of adapting we've all needed to do to accommodate the current state of our country. We thank you so much for your patience and cooperation throughout the national health crisis thus far.

Despite the challenges we have faced and likely will continue to face, the entire High Point School team is energized and excited to launch the 2020–2021 school year and warmly welcome your child back to our program.

As such, the High Point School of Bergen County will officially reopen its doors on **Wednesday, September 2**, to commence the new school year. Whether your child will be attending in-person, via remote, or some combination of both, our building will be up and running—fully staffed and operational, fully prepared and in full compliance with CDC, NJDOE, and health department regulations.

Also regardless of whether your child's program will begin on the premises or at home, your **medical/physical forms are due in prior to the start of school**, preferably by August 25, but no later than September 1.

Our complete school reopening plan is available on our website at: <https://highpointschool.com/school-closure-information-updates/>. Please note that this plan is subject to change at any time in the school year in response to evolving circumstances and per NJ Department of Education's directives, but I'll be sure to notify you of any and all significant developments as we continue to journey forward together.

Sincerely,

Cindy Pulido  
Program Supervisor
